WebSite Maintenance

After your website is complete and operational, you will probably want to be able to make changes and updates at some point. There are several options available to you.

Crazy Simple CMS

Crazy Simple CMS is a content management system that allows you to be able to edit your own website thru a secure login administration panel. Please check out www.crazysimplecms.com for more information.

CrazySimple  [.com](http://www.crazysimplecms.com)
