

Next Gen NY Science Learning Standards Workshops

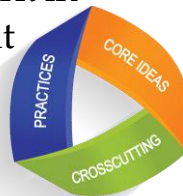

New York is embarking on great change in science education! The SUNY Buffalo State Master Teacher Program will help teachers get ready for the new standards with workshops on Next Gen NYSSLS. Participants will learn about **Three Dimensional Learning** as outlined in the Framework for K-12 Science Education.

Introduction Workshop:

We will explore the scope and sequence of the new science standards, learn how to read the new Performance Expectations, and work in groups to explore learning activities that represent good science practices.

Part 2 Workshop:

The Part 2 Workshop is only open to participants who have completed an NYSSLS Introduction Workshop or an equivalent workshop. Participants will continue to explore the scope and sequence of the new science standards and practice using the teaching tools explored in the first workshop. Participants will meet with their specific grade levels and discuss current practices as well as explore sample assessments from other states.

When: Saturday, May 18, 2019

9:00 AM- 3:00 PM

Morning food and beverages available at 8:30. Lunch will be provided.

Cost: There is no Cost to attend these workshops.

CTLE: All participants will earn 6 hours of CTLE professional development
